Applicants' Reply filed October 11, 2005 is acknowledged. Claims 1-8 and 35-37, drawn to pharmaceutical compositions, kits and therapeutic methods, remain under consideration. Claims 9-34, drawn to non-elected subject matter, remain withdrawn from consideration, 37 CFR 1.142(b).

An Information Disclosure Statement filed September 22, 2005 is further acknowledged and has been reviewed.

Claim 35 was rejected in the last Office Action under 35 U.S.C. 112, first paragraph, as containing subject matter that was not described in the specification in such a way as to enable one skilled in the art to which it pertains to make and practice the invention. It was asserted the claim is directed to the treatment and/or prevention of any inflammatory or obstructive disease of the respiratory tract.

Applicants' argument is primarily directed to composition claims that are not included in the present rejection. Applicants point to dosages for the anticholinergic component and the NK1 receptor antagonist component that *could* be administered and refer to a capsule formulation of the combination. However, no support is provided for the combination for the prevention of any inflammatory or obstructive disease of the respiratory tract. Accordingly, the rejection is maintained. Along with a limitation directed to asthma, chronic obstructive pulmonary disease, pulmonary hypertension or allergic and non-allergic rhinitis, the deletion of "prevention" would obviate the rejection.

The rejections of record set forth in the last Office Action under 35 U.S.C. 103(a) as being obvious over both Meissner et al., U.S. Patent 6,706,726, and Pairet et al., U.S. Patent 6,620,438, are withdrawn following Applicants' statement that both were

commonly owned by Boehringer Ingelheim Pharma GmbH & Co. KG at the time the invention in the instant application was made. Therefore, 35 U.S.C. 103(c) applies.

Applicants have elected to hold the obviousness-type double patenting rejections set forth in the last Office Action in abeyance.

No claim is allowed.

Applicants' Amendment necessitated the new ground of rejection presented in this Office Action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this Final Action is set to expire THREE MONTHS from the mailing date of this Action. In the event a first reply is filed within TWO MONTHS of the mailing date of this Final Action and the Advisory Action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the Advisory Action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the Advisory Action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this Final Action.

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Phyllis G. Spivack whose telephone number is 571-272-0585. The Examiner can normally be reached from 10:30 to 7 PM.
